

# UC-NMN

Anti-aging from inside out

NMN (nicotinamide mononucleotide) is the precursor for NAD<sup>+</sup>, which acts as an important base for proteins that help in repairing damaged DNA. NMN is scientifically proven to slow and potentially reverse the aging process in the body's cells for sustainable youth and slower aging.

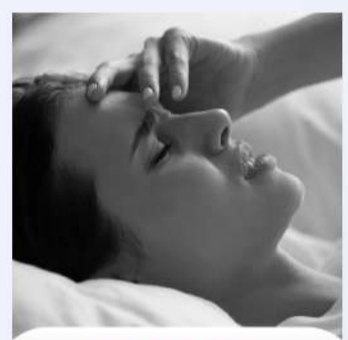

## TIME GOES BY, THE BODY IS AGING

DULL & SAGGY SKIN

WORK STRESS FATIGUE

DECREASED SLEEP QUALITY

MEMORY / IMMUNE DECLINE

ENDOCRINE DISORDERS

Increase NAD<sup>+</sup> levels to repair broken DNA strands and scientifically reduce aging

Supports Healthy Aging

Boost NAD<sup>+</sup> Levels

Stimulates Energy & Metabolism

Initiate DNA Repair

## MAIN INGREDIENTS

### NMN

#### NMN from broccoli powder

NMN (nicotinamide mononucleotide) is the precursor for NAD<sup>+</sup>, which acts as an important base for proteins that help in repairing damaged DNA. It activates Sirtuins, the "Guardian of Genes" - that play a vital role in maintaining cellular health. NMN provides highly effective solutions to health problems due to aging.

- Reverse-aging · Repair Damaged DNA · Activate Immune System
- Reverse Blood Vessel Aging · Provide 95% Energy Enhancing Vitality of The Body

### Motheroligo® (GOS)

It is an oligosaccharide for alleviating intestinal disorder, strengthening the immune system and improves other physiological activities. Mother Oligo is a premium oligosaccharide with the highest mother's milk components in the world.

- Improve skin texture · Improve intestinal regulation
- Activate Immune System

### Super-antioxidants

Super-antioxidants is an exceptional proprietary blend of bioactives from 12 main families of phenolic compounds, from a carefully selected variety of botanicals : Red beet, Acerola dry extract, Papaya, Carrot, Lime, Pumpkin, Barley Grass, Spinach, Spirulina, Blackcurrant, Acai berry, Ginger.

- Antioxidant · Heart health · Reduce risk of cancer
- Anti-diabetic activity
